

ZOETIS DIAGNOSTICS

vetscan HUB

Your in-clinic lab bench experience manager

Streamline your diagnostic workflow, creating more time for patient care

Coordinate your data, devices and diagnostic insights – all from a single, user-friendly screen.

Vetscan Hub™ seamlessly integrates your Practice Information Management Software (PIMS), point-of-care analysers, and the Zoetis Virtual Laboratory.

Easy-to-operate. Effortlessly efficient. The Hub gives you the time, confidence and control to elevate your care.

TESTS ORDERED

Never miss a test

Tests ordered in your PIMS appear instantly on the Hub. The Hub then displays the results and shares them back to your PIMS for an effortless workflow.

TESTS RUN

Enhance focus

Efficiently manage multiple analysers and coordinate tests from an intuitive touchscreen — freeing up more time to spend with your patients.

RESULTS REVIEWED

Remain connected

The Hub synchronises results with your PIMS and connects your in-clinic workflow to the Virtual Laboratory ecosystem through ZoetisDx.com.

ZOETIS DIAGNOSTICS

vetscan HUB

Seamless workflow, deeper diagnostics

A world of insights revolve around the Hub. This easy-to-use device unifies your PIMS, analysers and results — while bringing the full potential of the Virtual Laboratory into your practice. Streamline your in-clinic workflow and become more connected, efficient and empowered.

Data Connectivity

Combine multiple sources of diagnostic information in one platform to make more informed decisions faster — so invoicing is effortless.

Workflow Connectivity

Integrate Zoetis point-of-care analysers with your PIMS and the Virtual Laboratory to boost productivity and create more time for patient care.

Connectivity to Expertise

Elevate your in-clinic diagnostics with specialist expertise and in-depth analysis, accessible any time through ZoetisDx.com.

POWERED BY

Bringing specialist-level medicine to your clinic

The Zoetis Virtual Laboratory offers deeper diagnostic insights that elevate patient care through interconnected in-clinic and online workflows. With results from your Hub and other point-of-care analysers, as well as anytime* specialist support all easily available through ZoetisDx.com, it empowers you to make fast, confident treatment decisions from the very first appointment.

*Dependent on consultant availability
